

Put Your Faith in God
Utterance by Pastor Bitely, April 12, 09

“What is your faith in? What have you put your faith in? Who have you put your faith in? Will your faith stand in the times of testing, in the times of trials? Will your faith stand when things begin to shake? And that which has always seems so secure and so solid, and suddenly is no longer so secure and so solid. Is your faith in your flesh? Is your faith in those things that are around you in material things or is your faith in Me?” saith the Lord. “Is your faith in My Word? For My Word is unshakeable. My Word can not be moved. Men may try to change it, but it is unchangeable. Men may try to change Me,” saith the Lord, “but I can not be changed. For I am ever the same and what I say then, I say now. So put your faith in Me. Put your faith in Me. Put your faith in My Word and you will not be shaken. For there is a shaking that is coming. There is a shaking that is coming to this earth and to the world system and only those things that are in Me shall stand,” saith the Lord. “Have I not said this in My Word and now I say it to you “by the Spirit. Put your faith in Me. Put your faith in My Word. And when shaking comes, it may come to one, one way. It , may come to another, another way. It may come to one in a Doctor's report. It may come to another in a marital report. It may come to another in a school's report. Put your faith in Me and everything will turn out right. And then your report will be a good report. For the world does not have a good report. And the reports. that the world will give, will shake many a person. Many hearts will fail because of what they see coming upon the earth. But your heart need not fail, for you have anchored your soul, you have anchored your life, your mind and your heart into My Word. And My Word will stand the test of time and you will stand to.”
