

## "Stay Close Me"

Utterance by Pastor Bitely, March 1, 2009

The Word of the Lord came unto me saying: "Be not concerned about the days that lie ahead and the things that you will see, things that you will see in the news and things that you will see that will frighten and seem to be very alarming unto you. Be not concerned about those things," saith the Lord. "But know that I am in control of your life. I am in control of those things around you. So put your focus on Me. Be not alarmed and be not concerned but just follow Me," saith the Lord. "Stay close to Me. Be not concerned about all those things that would be going on around you. Put your focus on Me, saith the Lord, "and you will come through everything. You will come through blessed," saith the Lord.
