

## "Hungry and Thirsty"

Utterance thru Pastor Bitely. Sunday May 31, 2009 PM

For you have sought Me even in this place today and sang you are hungry and you are thirsty. But know this says the Lord, to sing about it, to sing about it, is to sing about it. But to truly be hungry for Me and to truly be thirsty for Me, will take you into the realm of the Spirit that few others really will go for. For the deeper things of the Spirit, says the Lord, come at a price. And few are willing to truly pay the price. Truly to set themselves aside to fast and pray and to seek My Word and to look unto Me and find the revelation that I have waiting for you. For this is the day and this is the hour that much revelation will flow forth to My church, that they might begin to move in revelation. Even this night revelation has begun to come as you heard about music and the life that is in the music, how it comes up unto Me, saith the Lord. So you must be careful what you play, you must be careful what you sing, for in some churches some places they play secular music, they play worldly music not knowing that that has a life too. But that life will bring death. There is a music that is unto Me, says the Lord, that will set the captive free. There is a music and a song unto Me, saith the Lord, that will cause the sick to be healed. There is a song and there is music unto Me, says the Lord, that will set the tormented free. And there is a song and there is music that is sung unto Me, says the Lord, that will bring Heaven down. You must learn to seek My face. Don't sing what might be popular, don't sing what everybody else may be singing, but seek My face and see what I say unto you. For the song of the Lord and My word, has it not said to unto you, the songs of the Lord bring deliverance. It's because they're alive. There's life, there's life in the music and so its not a small thing that a man or a woman would play unto Me. It is a big thing in My courts and in My house says the Lord. For some only do it for fame, some do it for fortune, and some for recognition. But those that do it in the secret place, those that do it in secret unto Me, I will reward them openly. Hallelujah Hallelujah
