

You Have Victory

Utterance by Pastor Bitely, July 19,2009

For I heard these words down in my spirit: "For things are not as though they appear to you. Things are not the way you have perceived them and received them. For you have seen and received things that are not of me," saith the Lord. "For what you see brings you doubt. What you hear even brings you grief. But I say unto you, there is another report and it is My report," saith the Lord. "For things are not the way they would appear unto you. For I am at work in your life. I am turning things around and things will be different when I am finished with you," saith the Lord. "So look up and rejoice and know that I am in control. Be not concerned with what you see with your eyes and even hear with your ears. Be not concerned but put your focus upon Me. For in Me you have victory and it is assured," saith the Lord.
