

"Awake"

Word by Robert Beaumaster, July 26, 2009

The one little thing that I got was "awake". Awaken to the Word. Awaken to My righteousness. Awaken to My Spirit. The Lord wants us to wake up our spirit. How do we wake up? We stir up our spirit. We stir up our spirit by speaking in tongues. We stir up our spirit by worshipping the Lord. We stir up our spirit by speaking His Word, by being obedient to His Word. And the Lord wants to stir us up, to awaken us. Just like a mother eagle stirs up her nest. Stirs up her young eagles. She wants them to be stirred up so that they can move. So that they can fly. So we can go higher and higher in the things of the Lord and the things of the Spirit. And the Lord wants to wake us up today and get us ready. For what? For service. He wants us to serve Him, to bring people into the Kingdom. He wants to make us ready, able vessels that He can use and that He can flow through. That He can use to bring back the end time harvest, to get people saved, to get people equipped to go forth and to preach to others so people can get filled with the Spirit, and healed and delivered from demons. The Lord wants to use us in signs and wonders in these last days to bring His glory, to bring about His purpose and to bring back his message in these end times and these last days before He comes back for His glorious church. Amen.
