

“I Am Moving”
Word from the Lord, Aug. 29, 2009

The second thing that the Spirit said to me this morning while we were singing, was about our eyesight. If you look around and you see things. I turned around and I kind of looked around this way and all the chairs were empty and I heard the Spirit say: What you see with your natural eye is no indication of what I am doing. For I am moving in realms that can not be seen. I am moving in your behalf, so don't go by what your eyes see, by what your senses tell you, for I move beyond those things. And I am moving, saith the Lord.
