

## The Greater One"

Utterance by Pastor Bitely, Sept 23,2009

For some would say, saith the Lord, I am not able to do all of those things that the Word says that I am suppose to do. Doesn't God realize that I don't have those abilities to do that. But doesn't My Word say: Greater is He that is in you than he that is in the world. For you fail to realize and recognize that you have the Greater One on the inside. If you would learn to lean upon the Greater One. If you would learn to trust in the Greater One and not trust in the strength of the flesh or in the strength of your understanding. But turn and lean upon the Greater One, then you will find that the Greater One will carry you through the different trials and tests and things that you go through, saith the Lord. So learn to trust and lean upon the Greater One and realize that the Greater One is on the inside of you and will help you and strengthen you when you learn to trust in Him, saith the Lord.
