

"Look Unto the Lord"

Utterance by Pastor Bitely, Dec. 13,2009

Well I heard the Spirit say: "What are your eyes upon this day? What are your eyes focused upon? Is your eye upon the mountain, upon the problem and the situation? Or is your eye truly upon Me," saith the Lord. "For if your eyes are upon Me, then I will minister and I will make a way for you. But if your eyes are upon the mountain that you face, then you are not looking at Me. You are not even looking to My Word. You will begin to believe that your problem is too big, your mountain is too great. But know this," saith the Lord, "if you would but put your focus and your attention upon Me and upon My Word, again as it was said, "nothing is impossible to him that believes." So look unto Me and unto My Word. For your answer is in Me. It is not in other people. They don't hold the key. They don't have the answer. But your answer is in Me," saith the Lord. "So look unto Me, even this hour and you shall know what you shall do," saith the Lord.
